

other side of the world. Then I woke up and found that I had come back to life. God shows mercy.

I still have this wound today that is being healed gradually because it was very deep. The Holy Spirit had instructed us not to treat this wound. No medicine was supposed to be put on it. When I got home I felt a wind blowing from the door of my room and when I turned round, it was the devil himself. And he said to me, "Give me all the keys I gave you." Then he looked at me and said, "I will start by killing your leaders one by one, then your pastor, then I will kill you." Then he transformed into a snake and disappeared.

The papers on which I made pacts with padlocks fell (these objects were burnt by the brothers of the church). From that moment I began vomiting blood. When people came to my house, they took me to the hospital and from there I was treated. The Bible says, "They overcame him by the blood of the Lamb and by the word of their testimony." Since I began to testify the greatness of God, I am no longer having such attacks, such kidnappings and satanic threats. End of testimony.

Lessons to be learned

Warfare: You Pastors know that you can **forcefully pull out several of those captured by satan** and his agents. You just need to engage yourselves into true spiritual warfare, and do it as it should be done, that is to say with seriousness and determination. You Christians, know also that you can set yourselves free from the clutches of satan and all his agents, and also set free all those who belong to you. You simply need to engage into true spiritual warfare, and do it with seriousness and a great determination. I want to make it clear that those who belong to you are all those who are under your control and all those over whom you have authority.

What it takes to have victory in **every** spiritual warfare you carry out is seriousness, a real rage to overcome and a great determination. If you understand this message well, you Pastors and Christians, satan will **never** again succeed in stealing anything from you or blocking any of your projects from now on. Satan will only succeed in taking what you will allow him to take. To put it clearly, satan only has victory over us because we do not fight **enough**. Wake up with regards to warfare, men and women, and you will see the result. Married men should watch over their spouses and children, and parents in general should watch over all those who live in their homes.

Discretion: Put more emphasis on discretion. On the one hand, beware of all those who use tricks to seek to have information about you, and who supposedly to show you love, generosity or tenderness, seek to know more than necessary about you and about what you like. Very often these people are looking for information that will help them get

you. Be firm and uncompromising in this regard. And you Children of God, avoid being unnecessarily curious, lest you be confounded with satan's agents.

The demons that roam around you: Make it a habit to **regularly** strike all demons that roam around you. Do not wait to see them before you strike them, because you will never see them. Note that satanists send demons at your heels to spy on you, watch you, set traps for you and fight you.

Masturbation: For all of you who still suffer incantations from demons and who masturbate, the time has come to seek deliverance, and to seek it with all your heart. What should be done? Take a time of fasting, confess your sin to the Lord, and beseech Him to forgive you. Take authority over those demons with whom you signed pacts through the sin of masturbation, and ask those demons to come out of you in the name of Jesus Christ. If after that you still do not have the result, take a longer fasting moment, and implore God's help for deliverance. Order in the name of Jesus that all those demons who have taken control of your body should go out, and never to come back again. The Lord in His faithfulness will help you. Know that masturbation is as harmful to your spiritual health as adultery and fornication. So take this case very seriously. As long as you have not overcome this sin, satan will always have access to your life.

Cartoons: Take note that cartoons are direct instruments of initiation into witchcraft. If you do not want your children to become wizards in your homes, keep them away from all these demons presented in the forms of cartoons. I am sure some stubborn people will contact me as usual, to talk about biblical cartoons. If you believe that "biblical" demons will not possess you, remain in stubbornness.

Blood Pact: Let all the fools who give themselves to these abominable practices now understand that it is with satan that they sign these pacts, and are bound by demons. If you have had to make such a pact, get to true Servants of God, for them to break the pact and deliver you from it while there is still time.

High places: Never take the risk of visiting satanic places as long as you have not received God's anointing to tread upon such places safely. Among these satanic places you have cemeteries, museums, nightclubs, etc. There are also these so-called christian places, where the ignorant go, hoping to find God. These places are named among others mountain of pilgrimage, mountain of prayer, holy mountain, etc.

God bless you!

JESUS CHRIST IS COMING

NEWS OF THE END TIMES

TESTIMONY OF A YOUNG EX-SATANIST N°2

This is the second and last part of the testimony of the young former Satanist.

In order to increase my power, I had to sacrifice my father. We made a magic prayer and the image of my father appeared on the magic mirror. I was handed a knife to stab him. When I stabbed my father's image in the magic mirror, there was red blood covering the mirror. Beloved, it is impossible to kill a true child of God in a satanic mirror.

The purpose of human sacrifice is the search for favour, promotion and well-being with fallen angels and demons. The kingdom of darkness constantly needs human blood. They are responsible for wars throughout human history so that demons should feed on human flesh and human blood. When my father died, his soul became my servant. Many people whom I offered as human sacrifice became my servants and my slaves. I became higher in the world of darkness because of human sacrifice.

Most victims of human sacrifices do not go to Heaven or Hell, but they become spirits serving their tormentors. Other victims of human sacrifice become enslaved in the spiritual world, precisely the astral domain of sorcerers where they do forced labour until they reach the number of years fixed by God. The astral world is a stormy world where thunders are constant in the sky. This kingdom is populated by deformed demons. It is located between the physical world of men and the pandemonium kingdom of lucifer.

When somebody has been sacrificed, his spirit is either under his armpits or under his feet. To know that somebody has been sacrificed, either you will see the dead sweating in his coffin, or tears flowing from his eyes. He hears you cry but cannot react. These are the reactions of his body which confirm that he was sacrificed. **If a true servant of God comes and prays for him, he can rise again. But to prevent this, we used to bewitch children of the neighbourhood in order to distract the pastor with insults. We were doing everything to prevent the pastor from accomplishing his mission. Among our actions, we were bewitching youths of the**

neighbourhood and family members to provoke fighting among them. Because if at all the pastor prayed being concentrated, the dead would rise again.

One day I was in the Premacury lodge with twelve satanists. We were supposed to execute a victim in a human sacrifice. The target was a young Christian. We began to invoke her spirit so that it appears on the mirror. As we continued to perform the ritual, her soul appeared in the lodge on the black board. **We were about to execute her when suddenly we saw the spirit of a pastor entering the lodge, pulling her out of the black board, taking her out of our lodge, and they disappeared together.**

In fact, the pastor was at home doing a spiritual warfare prayer. He pulled many of our victims from satan by force. In fact, when true Christians pray, their spirit travels spiritually in the world of spirits. The pastor only prayed, but his spirit travelled into the invisible world and set free the young woman which we were about to sacrifice.

After having learned yellow magic in South Africa, I returned to Kinshasa to practice yellow dragon. Yellow dragon is the prophetic liberation from the world of darkness. I was doing this practice on the mountain of Mangenge. It is a pilgrimage mountain always visited by Christians of all religions, although initially only the Catholics were going there. Many people know this mountain and know that its initiator is a Catholic priest. In reality, Mangenge is a mountain devoted to the devil, I worked there for a year with the yellow dragon.

Many fetish-priests have placed their lodges there, and Christians who go there do not even ask themselves how can there be lodges in a place which is supposed to be a place of God. That is the reason why you see many people coming back from there with the spirit of dragon and become prophets. There is a man at the entrance of that mountain who sells sticks that you buy for 100F, 200F, 300F to help you climb the mountain without easily getting tired. In fact, this man is already

dead and buried and these sticks are nothing but gateways that lead you to the world of Polium which is a world of condemnation or Pandemonium.

The Holy Spirit can never take you to a place which is of the devil. If you have the grace of God, it would remain at the entrance of the mountain and all that is of the mountain will possess you. ***Unless you have received from God a recommendation to go and pray against the place.*** If you go there on your own, know that it is to receive satanic orientations. When you go there and pray for a particular topic, such as marriage or a job, you will hear a voice saying, “*My son or daughter, the purpose of your coming here has been answered*”. But the condition is that you do not have to throw away the sticks you buy at the entrance.

You take these sticks home and each time you have a problem, you make declarations on them, which is idolatry. The Lord has not asked us to go and pray on Mangenge or on any mountain or in any particular place to be heard. On the contrary, the Bible tells us in John 4:21-23 “*Jesus declared, Believe me, woman, a time is coming when you will worship the Father neither on this mountain nor in Jerusalem. You Samaritans worship what you do not know; we worship what we do know, for salvation is from the Jews. Yet a time is coming and has now come when the true worshipers will worship the Father in spirit and truth, for they are the kind of worshipers the Father seeks.*”

People came to consult me in my lodge for various problems. Among them were women who came to abort. Abortions have two components. There are abortions that are done by sorcerers, I was doing that. When a woman came to my lodge for abortion, she remained naked, opened her legs on the coffin designed for this purpose, and I invoked the goddess Kali who opened the cervix, and the pregnancy fell into this coffin. I was the first to drink the blood, then the goddess. We would leave the cervix opened so that the woman should have problems conceiving in the future. That is what justifies the barrenness of some women. The second type of abortion is curettage. When I was a satanist, I had the ability to push the perpetrators of these abortions into incessant sexual desires to commit other abortions in order to collect blood.

One day a woman called me that I should help her because she had just lost her job. For that, I had given her as condition to remain naked for three days in my lodge, and she had to submit to such a sad condition without hesitation. Beloved, as you can see, people always find it very easy to submit themselves to strange and abominable conditions imposed on them by satan, but are incapable of doing simple things that God asks them to do for their good. This woman had remained naked without any embarrassment for three days in the lodge. On the fourth day I asked her to go back to her workplace by confirming to her that the keys would be

returned to her. When she returned to her office, they gave her back the keys and asked her where she was.

Seeing that things happened as said, the woman introduced one of her friends to me so that I should help her with her problems. This friend was the wife of the director of a company and the latter began to date little girls, which displeased his wife and she wanted to sacrifice these girls. I had sacrificed the first, by making her image appear on my magic mirror. A month after the same rubbish was repeated and I sacrificed the second girl. Then came the third which I had to transform into a hen and sealed in a white coffin. For you young girls who prostitute yourselves, know that your life is in danger. The easy life you are looking for will lead you to Hell. Seek Jesus Christ and you will be saved.

While observing this girl whom I had just sealed, I realized that she was the sister-in-law of one of my uncles, and I wanted to spare her. I then asked the lady who wanted to sacrifice her, to return and come back afterwards. I explained to her that there were capacities in the girl that I had to remove before doing the work. I just wanted to spare the girl. After the lady's departure, I went to this girl's house. As people knew me for who I was, those I had found at her place told me that she was not there. The following morning she came to my house. I spoke to her about the man she was dating, and she denied it. But when she entered the lodge and saw herself in the cabalistic mirror with the clothes she had worn the day before, she began to weep and to urinate on herself, and confessed her sin. I told her: this man's wife has consulted me so that I should kill you.

I tried carnally in every way to get this girl out of this white coffin, but it did not work because the devil knows how to destroy but does not know how to repair. I asked her to come back around midnight so that I could try another operation. It still did not work. I went back to my lodge to carry out all kinds of practices, but to no avail. I asked her to go back. At night in my lodge I was about to carry out practices in the coffin. As soon as I opened it to start the invocation, fire came out of the coffin with a paper that was addressed to me. It said: “***Since you want to spare someone in the lodge, you will have to sacrifice 9 people.***” And these 9 people had to be all from my family.

I was thinking on how I was going to sacrifice 9 people in my family because we were only 7 left. I thought I was going to take the 7 of my family and 2 from outside my family for this to make 9. Without forgetting that at the end of the year we were to give thanksgiving to the devil. Everyone goes to the streets to find people to sacrifice, especially girls who walk around with transparent clothes that show the navel. The navel is a place through which we stole pregnancies. The devil begins fighting a fetus from two weeks of pregnancy. We also caused accidents for thanksgiving.

When I last came to consult the devil for thanksgivings, a flame of fire appeared and ***a voice came out of the statues I had in my lodge*** to tell me that I had 2 months to accomplish the sacrifice of the 9 people asked. I began to cry. Even if you serve the devil for 30 years you will never have a reward. If you die, your reward for having served him will be chains and padlocks in the astral world that is the world of condemnation. The devil is never grateful. And even the two months he had given me to offer him these sacrifices were reduced to two days, which pushed me to look for servants of God.

I began to look among the great servants of God. I was thinking because very often at the meetings we had with lucifer in the Atlantic ocean at the white house in Kisangani, we met many occultist pastors. I went to at least seven churches and each time the pastors of these churches told me that in my case they would need time to pray and to gather strong and powerful intercessors for this service.

When I went to the seventh church, I exposed my case to them by explaining ***without hiding anything I did. To obtain true deliverance, one needs a sincere confession.*** I was then asked if I wanted to receive Jesus and I accepted to receive Him. After my repentance, all my witchcraft objects were burned. When I received Christ, my life changed completely. Since I received the Lord I can eat and sleep unconditionally, I live unconditionally, whereas with the devil everything is conditioned.

For a satanist to remain firm in the Lord, he must be well followed up. Many Satanists got converted and were not able to stand because of lack of a serious follow up. One day when I was going home after a Bible study session, I was knocked down by a vehicle and people took me to the hospital. After examination, the doctor found nothing, no shock had been detected, but I had pain in the ribs. Even after the radiography nothing was found, and the pain persisted. By the grace of God a pastor prayed for me, and after two days the pain disappeared.

After sometimes, I was kidnapped in a jeep while I was going to a technician to have my headphones repaired. In this jeep, there was my American master who initiated me at the age of 7. They tied my hands and took me to the fall of Zongo and began to make incantations. I had a phone in my pocket. I contacted a brother. When the brother answered the call I told him, “My brother please, pray a lot for me, I am at the fall of Zongo” and he asked me what I was doing there and I explained to him that I had been kidnapped, but he did not seem to believe me and asked me what I did to be kidnapped.

I had to drop my phone when one of those with whom the master was making incantations looked at me. These people were among the children I had initiated. There were five in number. When he turned away his

eyes to continue the incantations, I picked up my phone to put it back on my ears and at that moment the brother understood that it was serious and started praying. The person who looked at me took my phone and swiped through it with a finger. We have never been able to have network with that phone, no technician has ever been able to repair it.

After these incantations, they came to take me to the fall and I struggled in the water. They told me that I did not have the same body like them again. After we were introduced into the water we found ourselves directly in the white house of lucifer. There were many satanists gathered. The purpose was to kill me because at that moment I had not yet testified and they did not want me to reveal the secret I knew about the devil. In this world, I had reached the 32nd degree at Primacorria. I therefore knew 99 secrets of the devil and all the strategies with which he operates. The devil then removed his crown from his head and placed it on my master's head in order to consecrate him because he had succeeded in kidnapping me.

I was still tied up when they began incantations to put me on the blackboard. I felt that my ears, my mouth and my eyes were being opened. I heard this phrase come out of my mouth: “Jesus save me”; and the devil on his throne and all those present all found themselves on their knees on the ground. At that moment, I started running, the path was long, and then somebody pulled me out of the Atlantic Ocean and I found myself in Ngebamangembo. After that I stayed in the church with the brothers for 14 days before going back home. When I was kidnapped, these brothers were praying and the Holy Spirit was revealing to them all that was going on in the world of darkness.

One day I was preparing to go to church. While going out of my room, I saw hooded people in the corridor. I asked them what they were looking for without answer. I scarcely drew back with the intention of reaching the door of my room when one of them seized me and closed my mouth while another stabbed me in the stomach. Blood began to gush out and he took out a syringe containing a green liquid and injected it under my shoulder, and I fell. One of them had taken off his hood and I recognised him. They were ***doctors*** who were working with my master. They said to each other that somebody should stay until I die. But finally they all left.

I was soaked with blood; I crawled out to the gate where there was a brother of the church who recognised me. When he saw me full of blood, he called another brother to take me to the hospital. But as I had no more strength, I refused to be taken to the hospital. I felt I was going to die. I insisted that they should take me to church so that I should die there. They took me to church, my breath was almost gone, I had lost consciousness and when they began to pray, suddenly I saw a wall, it was a barrier, I could no longer join the
